CENTRAL BIOREPOSITOY
FOR

Cohorts of HIV Resistance and Progression in Indian Children and Adults (CoHRPICA)

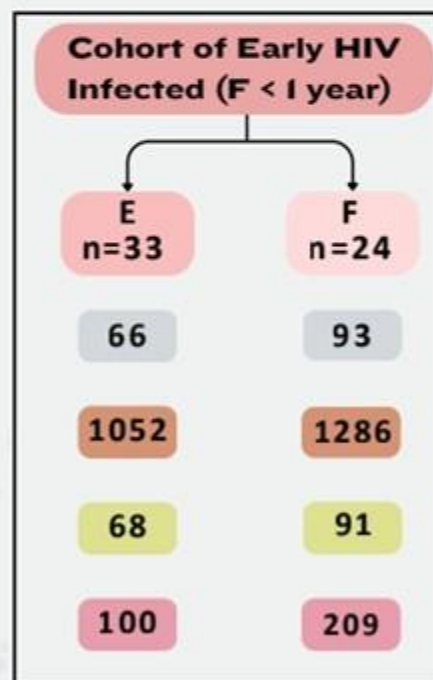

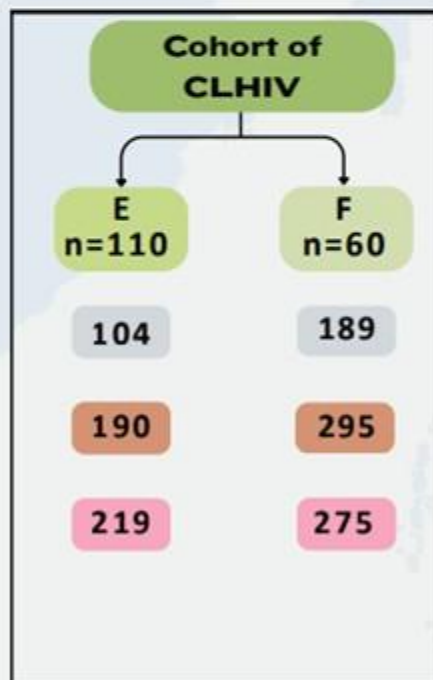

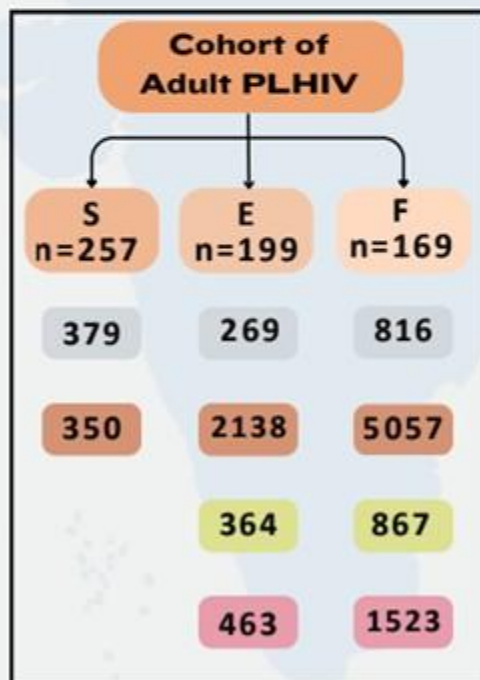

जैवप्रौद्योगिकी विभाग
DEPARTMENT OF
BIOTECHNOLOGY

This central biorepository has been established at ICMR-NITVAR with the support from DBT, IAVI and ICMR. This biorepository is home to nearly 43000 specimens (plasma, serum, PBMCs) collected from individuals under different cohorts at risk of or living with HIV. These cohorts include 1) Adult PLHIV, 2) Children living with HIV (CLHIV), 3) Early HIV infected and 4) HIV negative persons at risk of HIV infection mainly Female Sex Workers (FSW), Men Having Sex with Men (MSM) and People Who Inject Drugs (PWID). This catalogue provides brief information on the type and quantity of samples stored in the central biorepository
